

KASON-EPS2580 Edge Press (Adhesive) Sampler

(The picture is for reference only)

Product Introduction

The edge crush (bonding) sampler is an essential sampling tool for edge crush strength and bond strength tests of corrugated cardboard. It can quickly and accurately cut samples of specified dimensions, making it an ideal auxiliary testing tool for corrugated cardboard and carton production, research, and quality supervision departments.

Technical Parameters:

1. Sampling Size: 25mm × 100mm (edge crush sample);
25mm × 80mm (bonding sample).
2. Sampling Size Error: ±0.5mm.
3. Maximum Sampling Length: 220mm.
4. Maximum Sampling Thickness: 18mm.
5. Overall Dimensions: 300×590×220mm (L×W×H)
